- 1 assignment (submitted to our online tutors)

*Module 13:*

**Finding Work**

Where to find work, how to apply and how to maximize your potential.

## **Grammar Awareness Course Modules**

Grammar Awareness course is specifically designed to de-mystify the complexities of English grammar, so you can effectively communicate the key principles to your students. This 20-hour online course re-introduces you to the fundamental structures and concepts that underpin the English language and will effectively prepare you to teach these same lingual models to your students.

*Module 1:*

**The Nuts and Bolts of English (5 hours)**

Start your grammar training with a look at grammar terminology, word classes and parts of speech.

*Module 2:*

**English Tense Forms (5 hours)**

*Custom travel, expert advice, personal service*

Learn how verbs are used to form tenses in the past, present and future. By the end of this module you'll know the difference between the continuous, perfect and conditional forms!

*Module 3:*

### **English Tense Functions (5 hours)**

In this module you'll learn how different time references tenses can refer to and how the same tense can have different functions.

*Module 4:*

### **Vocabulary and Phonology (5 hours)**

In the final module you'll concentrate on words. You'll learn about how they sound, how they are pronounced, how they are spelled and how we can categorize them.

## **Specialist Modules**

Our specialist modules have been specifically designed by our TEFL trainers to provide bespoke training to fulfill the needs of our students and language schools worldwide.

Each specialist module takes approximately five hours to complete and combines auto-correction with online feedback from our online tutors.

You'll **automatically be enrolled on the first four specialist modules** listed below when booking on your course. If you wish to swap these just let us know!

*Module 1:*

### **Teaching with Limited Resources (5 hours)**

Particularly useful for people wishing to teach in developing countries. You'll be taught how to give an effective English lesson with only basic resources.

*Module 2:*

### **Teaching English to Young Learners (5 hours)**

*Custom travel, expert advice, personal service*

Designed for TEFL students who are planning to teach children between the ages of 6 and 12. Learn key skills such as motivation techniques and how to give someone their first English lesson.

*Module 3:*

### **Teaching Large Classes (5 hours)**

This new module is ideal for anyone teaching in Asia, where large classes from 30 to 100 can be common. A practical course to give you the confidence to step into your first large class.

*Module 4:*

### **Teaching English One-to-One (5 hours)**

When you start teaching abroad, you'll always find opportunities to do private lessons and earn extra cash. Learning what to do with your first one-to-one student is essential for any first time teacher.

*Module 5:*

### **Teaching Business English (5 hours)**

Perfect for people who plan to teach more advanced students with the aim of helping them to develop their communication skills for business. An expanding and extremely lucrative market.
